

# HARDY REEF

## GREAT BARRIER REEF ADVENTURES

**FULL DAY  
TOUR**

snorkel • dive • heart reef

For the ultimate reef adventure, take a heli-flight to fully appreciate the scale and majesty of this globally-renowned living treasure. Make sure to have your camera ready for the fly-over of the amazing Heart Reef.

Or head below the surface with expert resident dive masters who will lead the way to the underwater highlights of Hardy Reef. Never scuba dived before? No problem, you don't need any experience for the Introductory Dive.

Snorkelling and swimming are the most popular activities here and you can join a guided snorkel safari if you would like to discover more about the Great Barrier Reef, or you can go on a guided Seabob tour outside the snorkelling area and discover parts of Hardy Reef many don't get to see.

## Make the most of your day at the reef with some of these exciting optional activities

## Great Barrier Reef Adventures

Welcome to Hardy Reef, the Great Barrier Reef, where there is over 1,600 species of fish and 1,400 species of coral for you to discover.

Cruise out on Seafight, a large modern wave piercer, through the Whitsunday Islands with a brief stop at Hamilton Island to collect passengers then across the shipping channel and into the Great Barrier Reef. The colour of the water within the Great Barrier Reef will take your breath away as you cruise up to Heart Pontoon and start your activities for the day.

Snorkel along the top of the reef platform (if tide allows) or follow the edge of the reef platform where all the best corals and fish can be seen. Then climb aboard the semi-submersible guided tour for a tour along the reef wall with one of our Reef Interpreters to learn more about the Great Barrier Reef and the corals and fish that make it amazing.

When you need a quiet moment to yourself head down into the underwater observatory and watch the fish and snorkelers go by or look beyond to the coral wall and watch the colour changes as the light changes.

When lunchtime comes around you'll enjoy a delicious buffet lunch onboard Seafight with fresh local prawns, a selection of cold meats and a fabulous array of salads to choose from. Use the rest of your afternoon to relax or take one last snorkel before heading back to port with life long memories of the Great Barrier Reef.
